An Essential Service for Students

As an eligible student, you're automatically covered by one of the most important services on campus: the SAKC Student Health & Dental Plan. It covers many benefits not provided by provincial health-care programs.

- Full-time students in eligible programs (taking at least 60% of a full course load) who are SAKC members, including international students
- Students registered in the 3rd Class Power Engineering program: these students are covered for 1 year. Coverage is applied retroactively, starting on the first day of the month in which they begin classes.

Certain exceptions exist. Please check your student account to confirm if you've been charged the Plan fees.

See www.studentcare.ca for more details.
